Serving 38,346 in Sierra Madre, Hastings Ranch, Sierra Madre Villa, Oak-Highland, Rosemead-Foothill Area

\$5.00 Yearly — 10c Copy Phone 355-3324 Sierra Madre, California — Thursday, September 12, 1968 16 Pages — Vol. 63, No. 46

## Civic Center Site Now Selected By Committee

THE DARK SHADED AREA is Memorial Park, the lighter area is the Woman's Club House and property. Present thinking is to take the jog of the tennis courts and relocate them in Vista Park, purchase of the property of the woman's club, but not to disturb what is known as Memorial Park proper. Additional land on Mariposa may be considered. The Fire and Police are anticipated to be active off Mariposa Avenue.

### Lee Shippey Suffers Stroke

The many friends of Mr. and Mrs. Lee Shippey will be concerned to learn that Mr. Shippey has suffered a severe stroke and is in a rest home in Escondido, Calif. Mr. Shippey is well known for his many books, one of which was written about Sierra Madre. It is "Where Nothing Ever Happens." He also wrote a column for the Sierra Madre News up until about the year 1963 and was thoroughly enjoyed and looked forward to by readers. Messages of cheer may be sent to Mrs. Shippey at 110 8th St., Del Mar, Calif.

### Community Recreation

With the concurrence of the Parks and Recreation Commission, Parks and Recreation Director Richard Burton is investigating new avenues of recreational opportunities which can be offered Sierra Madre residents on a largely self supporting basis (from fees and supplemental volunteer assistance) throughout the year.

Under consideration and study are such programs as "slim and swim" (for women and girls), weight training (for teens), ballet, drama (children's theatres), girls volleyball, Saturday day camp, swimming and jogging for men (noon and evening), and teen and junior teen programs, among others. Final preliminary details in scheduling, staffing and location are now being worked out.

### Mayor Appoints Warren McElwain

At the regular meeting of the City Council on September 10, Mayor Ralph R. Rule recommended the appointment of Warren E. McElwain, Civil Engineer of 370 Foothill Ave., to the Zoning Board of Appeals.

The appointment was confirmed by the Council as a whole. McElwain will replace Arthur Soderblom, Architect, who resigned about August 20 and will be leaving the area for the next few years.

### Senior Citizens Met Sept. 7

The president, Herman Dokken, called the September 6 meeting to order at 11:45 and the Lord's Prayer was recited by the members. The Pledge of Allegiance was sung. Mr. Roland Ridgeway led the group in singing "Happy Birthday" to Nina Dimmick. Several more songs were sung with Mrs. Vivian Singleton at the piano.

Miss Marie Kelly was welcomed as a guest. After a recess for luncheon, prizes were awarded by Charles Ring. Henrietta Symonds gave a delightful reading about a trip she had taken through the United States giving only the Zip Code numbers of the cities visited. It was most entertaining. Lola Bullock also gave an inspirational reading.

### FIRE IN CANYON

Fourteen regular fire-fighters and one reserve were called into action to a fire in the Canyon located at 721 Brookside Lane at 8:55 a.m. Monday. Approaching the area fire-fighters were of the opinion that they were really "in for it" smoke could be seen over 350 feet in the air.

Engine 424 arrived at the scene in 3 minutes and 48 seconds, laying a line 400 feet long from a hydrant at the corner of Woodland and Alta Vista. Truck 422 was in just ahead of engine 424. Engine 425 from the canyon station immediately hooked up to Engine 424 for more pressure and water, while Engine 423 made entrance on Canyon Crest, just above the fire area.

The fire was in the home of tenant Frankland Lloyd. The tenant stated that for the past few days his water heater had been erratic, running overheated water at times, to cold at other times. He had investigated it but found no trouble. The water heater was located in the basement in a room where surplus materials were stored. Mr. Lloyd stated that when he saw it was a big ball of fire about five feet in circumference.

Quick action by the Fire-fighters had containment in —Please turn to Page 5

### Fall Swim Lessons Start September 23

The Sierra Madre Parks and Recreation Department will conduct two sessions of swim lessons during the fall. Session I will begin on September 23 and run three times per week for two weeks. Session II will begin on October 8 and run twice per week for five weeks.

Registration will be taken at the pool at 621 E. Sierra Madre Blvd., prior to the start of the sessions. Classes must have a minimum number to be conducted. Classes are limited and on a first come, first served basis. Classes will be conducted for adults and tiny tots.

The schedule of classes and fees are as follows:  
Session I, Monday, Wednesday and Friday, Sept. 23 to Oct. 4, with six lessons, \$6 for adults and \$3 for children and the mother and me class.

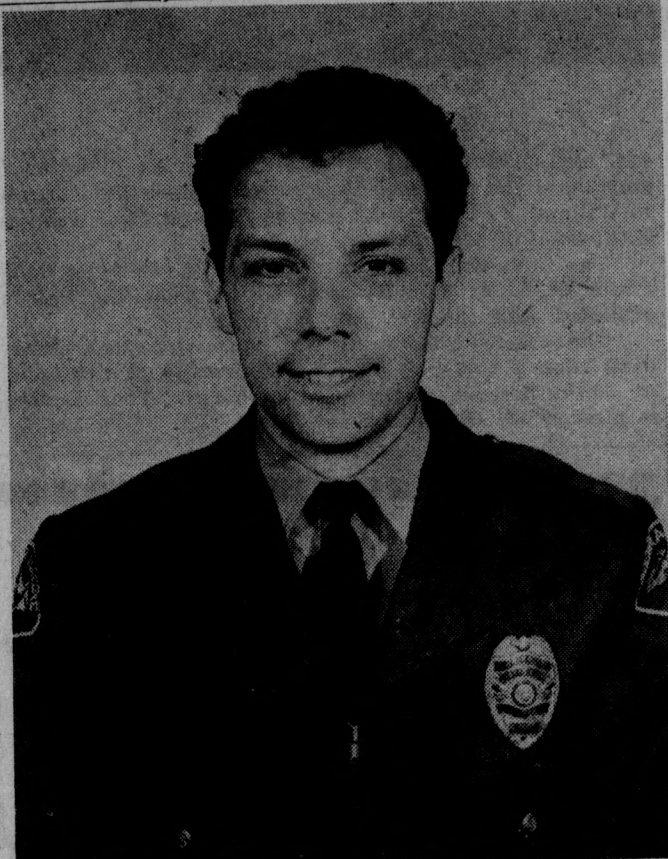

Adults, 10 to 11 a.m.; Tiny Tots, 11 to 11:30 a.m.; Advance Tiny Tots, 11:30 to noon, and Mother & Me, —Please turn to Page 7

### Republicans Open Drive Headquarters

Following a week of cooperative scrubbing, waxing, polishing, and painting by the men of the Sierra Madre Republicans, the distaff side took over operations and headquarters are now open for the business of electing Republican candidates. The location is 40 W. Sierra Madre Boulevard.

Supplies of campaign material are available and supporting literature can be obtained for all Republican candidates and platform issues. Office hours are from 10 a.m. to 8 p.m., Monday through Saturday. A deputy registrar of voters will be available from 10 a.m. to noon daily and on the last day of registering, September 12, from 9 a.m. until closing time.

Organization and staffing is under the efficient guidance of Mrs. Nathaniel Van deVerg. Assisting her will be Mrs. Carl Cheadle, Mrs. —Please turn to Page 12

PATROLMAN JOHN SAMONY  
... now Sgt. John Samony

### New Sgt. Selected Via Competitive Examinations

The City of Sierra Madre announced today the promotion of John Samony to Police Sergeant effective September 10, 1968. The promotion was confirmed by the City Council at its September 10 meeting.

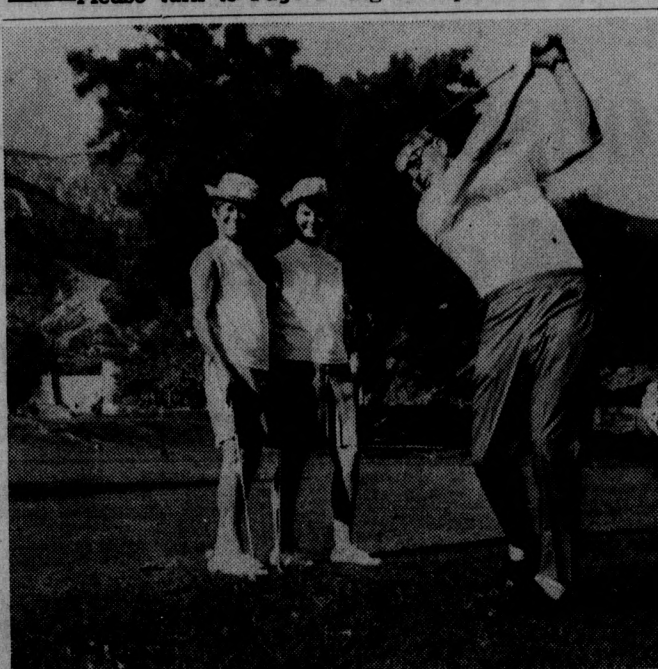

The promotion came after intensive written examinations and oral interviews conducted by the City Administrator's Office in which Samony placed first. The examination was open to departmental personnel with two or more years experience.

Samony has been with the Department since May of 1966. He is presently

### Sewer Report For Canyon

The District engineer, Cliff Lampman is presently engaged in the overview survey of the feasibility of a sewer assessment district in the Sierra Madre Canyon. The question of what the sub-surface soil conditions are is of great concern and is being investigated by a professional geologist retained by the engineering firm.

The complete preliminary feasibility report along with rough costs should be ready for presentation to the City Council and the public at the regular Council meeting of September 24.

PREPARING — From left, Mrs. Wells Pleas and Mrs. William Olson watch William Olson take practice swing prior to practice golf round at Brookside. They will serve as officials in Men's Amateur Golf Tournament on October 4th at Brookside, sponsored by Cystic Fibrosis Guild of Pasadena to raise fund for Children's Hospital, Los Angeles. Co-chairmen for the benefit are Mrs. Matthew Slovian and Mrs. Eugene Rode.

## Are Drug Users Or Hippies Going To Fire The Canyon?

### Who Is Issuing the Bulletins Called 'Mechanical Tongue'?

**Surely Home Owners & Permanent Residents Know Result of Canyon Fire**  
EDITOR NOTE: This is the second in a series of articles dealing with narcotics in the city limits of Sierra Madre; their use and effect upon the people of the community and area.

We are highly pleased with the number of phone calls and letters that we have received during the past week concerning the possibility of a drive to rid our city of narcotics peddlers, users and those in possession.

Now, as we have noticed,

### Narco Bail Set At \$6250

What was first determined as a violation of driving laws, Sierra Madre Police arrested Joseph Paul Marchese of 1600 Chelsea Road, San Marino, for losing control of his 1967 Cougar, hitting a tree in front of the Toy and Patio Store at 140 W. Sierra Madre Blvd. and continuing until he hit the corner of the building.

The car, completely totaled out, was impounded at the Bobby Clark Auto and Body Shop; but while Bobby Clark was sweeping up the debris, he found a magnetic key box, which he turned over to the Police. The box contained the keys to the trunk of the car.

It is reported that upon opening of the trunk a quantity of narcotics was discovered. The discovery consisted of a quantity of Seconal and Amphetamine Sulfate, and is alleged there were orders for delivery to a certain name and residence. It is further alleged by police that Joseph, age 25, was believed to be under the influence of narcotics and apparently a pusher.

The incident occurred at approximately 4:40 a.m. Sunday morning and around noon, his brother accompanied by a representative of the Grove Bail Bonding Company, affected his release on \$6,250 bail. Judge Martin of Pasadena set the bail, which cost the brother \$625 to secure. Value of the drugs was undetermined, but estimated to be in the vicinity of \$200 retail.

### Building Permits Going Up

The valuation of building permits issued in Sierra Madre for the first eight months of this year show a very large increase over the same period last year.

A current comparison shows more than one and a quarter million dollar increase for 1968. The figures show \$922,241 for first eight months of 1967 and \$2,252,362 for the like period of 1968. A large part of this increase is due to continued development in the Sierra Madre Estates Tract and St. Rita's Church building.

Total number of building permit issued for August, 18 permits with valuation of \$358,114. Street, electrical and plumbing permits issued, 77, with fees collected \$662.98.

Plan check and building permit fees \$883.75. Business licenses, \$432.75. Dog licenses, 224 issued, \$675. Bike licenses issued, 8, fees, \$8.

### New Homes To Be Built

The engineering firm of Haver and Emerson is presently working on the preliminary of a 19 home subdivision to be constructed on the south portion of the Passionist Father's Monastery.

These homes will be in the \$45,000-plus range and the proposal will probably be before the Planning Commission at its October meeting.

CARROT TOP  
By  
R. Robert Evans

We are really happy to see the Sierra Madre Search and Rescue Team come alive again, publicity-wise, that is. When it was announced that they would hold Sierra Madre Search and Rescue Week again this year, many, many people were really happy.

—CT—

The week is all set for October 6 to 13 and was declared as such by Mayor Rule and the City Council. We would liked to have seen the Trail Races again, but there must be a very good reason for not having them. The demonstration that is always put on, and generally as this year, in Wilderness Park in Arcadia is thoroughly enjoyed by all who have attended in the past. The Team cordially invites you to this one.

—CT—

We have not heard just how they plan to have their "fund raising drive" this year, but do wish them all the success in the world. Although the team is now "hooked with the Los Angeles Fire Department," they still need funds when they are called out of the county for their many rescues. Every time they move they add to the color of Sierra Madre and should be supported by every man, woman and child of the community. We look forward in being able to tell you all of the details.

—CT—

This week is the kick-off for the Los Angeles County Fair at Pomona. The nation's largest Fair is packed with fun and enjoyment. If you attended the Fair every day of its opening, you would still miss some of its features. Get in early on Friday, September 13, the opening day.

—CT—

Speaking of the Fair, Doug Tucker and Joe Barboza will have the R-C controlled boat booth there and will be racing boats at different times. Drop in and see them, they will be happy to give you a demonstration.

—CT—

Something else that we should be celebrating is the State of California's 118th birthday. We were admitted to the Union on September 9, 1850. Doesn't seem that long ago, does it?

—CT—

Here's something that may disturb you a mite... it did make me stop and think for a moment... Two thousand isn't much in today's era of astronomical figures... from taxes to light years, deficits to population explosions. But applied to man-made stuff falling from the heavens, it's something!

—CT—

At last report, the 2000th piece of terrestrial hardware had plunged from its space orbit and burned in the earth's atmosphere since the Russians sent the first hunk up and called it Sputnik I... Now, isn't that something!

—CT—

Well, that leaves 1,292 things still up there, racing around the earth. The North American Air Defense Command, those are the guys that keep track of all that sort of things, they say that 949 of the objects are space junk, 343 are satellite payloads... Now that is interesting.

—CT—

The United States has 270 —Please turn to page 11

**Mr. and Mrs. William Smith Announce  
Engagement of Daughter Judy Lynne**

JUDY LYNNE SMITH  
... Engaged

MR. and MRS. WILLIAM R. SMITH of San Jose have announced the engagement of their daughter Judy Lynne to William H. Coulson III, son of Mr. and Mrs. William H. Coulson of Sierra Madre.

The bride-elect is a junior at the University of California at Santa Barbara, majoring in Sociology. She is affiliated with the Chi Omega Sorority.

The future bridegroom was graduated from Pasadena High School and from the University of California at Santa Barbara majoring in Economics. The wedding is planned for the summer of 1969.

**Are Drug Uses or Hippies Firing Canyon?**

would happen, an estimated 900 homes and 3800 people to be caught in a CANYON BURN OUT. Think of the lives that would be lost. What could your firefighters do under these conditions. Traffic would be so heavy, lanes and streets so clogged that all that the firefighters could do is call for "Mutual Aid," surround the canyon and protect the town proper and let it burn.

Is this the threat that you and I, as Sierra Madreans, want to live under? How must the good residents of the Canyon feel about this kind of threats and these kind of actions.

Some of you good people want to expose the "landlords," others want to make a drive to run out the undesirable; but this is a free society and until such time that it can be definitely proven that they are undesirable there is little that can be done, unless it be done voluntarily by the landlords.

A suggestion made by one citizen of Sierra Madre, and a very good one that I am sure would work if we had the cooperation of our City and our citizens, goes like this:

Informants on WHERE or WHO is selling narcotics in Sierra Madre is of no consequences. You can do nothing with this knowledge; in fact the Sierra Madre Police Department KNOWS nearly every building in town that is used for the sale of narcotics, the distribution of them, and those that go to those houses to use narcotics.

They know this and they

know that there is nothing they can do until such time as they can make a "buy" through a snitch or a plant. And the narcotics people also know this, but, should the police or the informant contact the "landlords" inform them that narcotics are being used, sold and distributed from this house, then the landlord could evict the residents or raise the rent to the point that would make them move. These people could be cataloged and other landlords notified and they not be allowed to take up residence in the city.

In the recent raid at 610 Woodland, it was found that the people of that residence apparently had a lively "mail order business" going on narcotics. They had a film library, all film taken at that residence showing the entire process of how to prepare the raw materials into capsules for distribution.

Knowing all this, the police still stand and tell you that a much bigger dispensary of narcotics was operating within a stones throw of 610 Woodland and they could do absolutely nothing about it.

We have had a long talk about this subject with Mayor Ralph R. Rule; he is definite in the fact that "something must be done" and soon. Not only about narcotics, but hippies and the bulletins coming out of the Canyon area. He intended to bring this up before the Council for their meeting last Tuesday evening. A report of this will be forthcoming in the future.

### Creative Arts Use Sept. 30 As Opening Date

Announcement is being made of fall classes to be offered by the Creative Arts Group, 37 E. Montecito St. The session will open on September 30, and continue through November 22. In its attempt to meet the creative needs of the community, this non-profit organization will offer a wide variety of classes, including a group of holiday workshops designed for creating holiday color, fun and food.

Classes taught by highly skilled instructors are available for children, teens and adults. The session will be directed by Mrs. W. Scott Turner under the leadership of Mrs. Daniel R. Chute, president.

The public is invited to visit the newly redecorated La Tienda after September 23. The shop is operated by sponsors, with proceeds going to the Creative Arts Group Scholarship Fund and features artists' original works and gift items. Additional information concerning Creative Arts Group classes, the Sponsor Group or La Tienda may be obtained by calling 356-1450 Monday through Friday, 10 a.m. to 1 p.m.

### Afternoon Wedding Unites Kathleen Sue Donohue, Patrick Eugene Morgan

MRS. PATRICK EUGENE MORGAN  
... Nee Kathleen Sue Donohue

The Sierra Madre Congregational Church with the Rev. Marvin L. Jacobs officiating, was the setting for the August 24 wedding

of Miss Kathleen Sue Donohue, the daughter of Mr. and Mrs. James Dale Donohue of 3685 Newhaven Road, and Mrs. Patrick Eugene Morgan, son of Mr. and Mrs. Samuel Eugene Morgan of 1453 Grand Oaks in Pasadena.

The former Miss Donohue, given in marriage by her father, James Dale Donohue, wore a floor length white dotted swiss gown with a high round neckline and three-quarter length sleeves, with cuffs trimmed with cotton venetian-type lace as was the bodice. The back of the gown was shirred and had a small self-cathedral train. A large, flat bow, of the same white dotted swiss material, secured the elbow-length, silk illusion veil. The bridal bouquet was a nosegay of daisies, stephanotis, babies breath and fern.

Acting as her cousins' matron of honor was Mrs. Lee Draughton of Atlanta, Georgia. Other bridal attendants were: Misses Therese Moran, Nancy Urmann, Marlin Goldman and Linda Stine. All wore floor length gowns — a white dotted swiss cage over a yellow undersheath. The bodice and baby-doll sleeves of the dotted swiss cage were trimmed with white lace. The matron of honor carried a nosegay of white and yellow daisies and the bridesmaids carried similar nosegays of yellow daisies only.

Allan Nakken was best man and guests were seated by ushers James Morris, the bridegroom's brother-in-law; Kelly James Donohue, the bride's brother; Jack Butler and Glen Braddon.

The bridegroom's small nephew, Master Jimmy Morris, acted as ring-bearer.

A mauve pink silk sheath with matching accessories was Mrs. Donohue's choice for her daughter's wedding. She wore a corsage of champagne cymbidiums. The bridegroom's mother, Mrs. Samuel Morgan, wore a turquoise crepe sheath with a pleated overdress of matching crepe. Accessories were turquoise and white.

She wore a corsage of white orchids.

The Rev. Karl M. Beilstein was soloist and the selections were "Ave Maria" and "The Lord's Prayer."

A reception held in the "Mediterranean Room" at the Brookside Country Club in Pasadena followed the 3:30 p.m. ceremony.

Assisting at the reception were: the bridegroom's sister, Mrs. James Morris, who was in charge of the guestbook, and aunts of the bride, Mrs. James F. Rowan and Mrs. Walter E. Rohwedder who poured coffee.

The bride's traveling costume for a honeymoon trip to Northern California was a sheath of blue linen with matching accessories. She wore a natural straw hat trimmed with navy gros-grain.

The new Mr. and Mrs. Morgan, who both are graduates of Pasadena High and Pasadena City College, will make their home in Alhambra.

### Liberal Arts Launches Season

The Pasadena Area Liberal Arts Center launches its fall season of study discussion groups on September 18. The purpose of the center is to provide an opportunity for adult citizens of the San Gabriel Valley to enjoy a continuing education in the liberal arts. Whatever your educational background, if you live in the San Gabriel Valley area and enjoy the excitement and stimulation of a new learning situation, you would be welcome in any of the center's programs.

Living rooms of neighbors and friends provide the setting for all of the groups. "Discovering Modern Poetry" and "Flower Arrangement" will be held during the day and the other fourteen subjects will be held on week-nights from 8-10 p.m. Call the Center, 795-4339 if you want to go and join in the fun of conversation with 15-20 people who share your interests.

### Wedding Shower At Quarstroms

Elmer "Ted" and Marge Quarstrom of 169 N. Baldwin Avenue are still recuperating from a gala combination wedding shower for son Bob Quarstrom and a Quarstrom-James Family reunion held September 1 at their home. The all day affair which included a barbecue interspersed with games, swimming, visiting and the opening of many lovely shower gifts received by Bob and Susan.

Out of town guests were: Mr. and Mrs. Thomas Quarstrom and son, Jon from Maryland; Mr. and Mrs. Leonard Lovgren and children, Laurie and Lauren from Culver City; Mr. and Mrs. Robert Powers and Louise Brandes of Maywood; Mr. and Mrs. Gary Wetherbee and son, Jon and Jeffrey of Huntington Beach.

Local guests were: Mr. and Mrs. Charles Wilson and Marsha; Mrs. Richard James and Sandy; Mr. and Mrs. Herman Ohs and granddaughters, Susan Case; Mr. and Mrs. John Quarstrom and son, David. Relatives invited, but unable to attend: Mr. and Mrs. George Price of Duarte; Mr. and Mrs. Don Terranova and daughters, Steffanie and Michele; Denise and Dennis Coyne of Azusa; Susan's grandmother, Mrs. Olive Wilson of Sierra Madre and Bob's grandmother, Mrs. Olivia Quarstrom of Maywood.

Also on hand were Ted and Marge's children, Lisa, Kenny, Tina, Eric, Lori and foster son, David Wells.

The number of veterans awaiting treatment at VA hospitals dropped by 1500 last year while VA treated a total of 750,000 — 9,000 more than the previous year — with the same number of beds.

### Vella Views

By  
Toni Maurin

SYcamore 7-9634

Things have been more than a little tense around our house the past week. Long faces and mixed emotions about the old dingy of the school bell have been the primary concern in our pad. Old Dad and I have been our same sweet, usual selves crying with all of our old homilies to convince the children that the world will open before them with education, or knowledge, not flowers is power.

I can't say that our campaign has been a roaring success. Matter of fact I kind of felt like I was sending our youngest student off to the guillotine without a sack over his head. He was definitely not convinced that he had any worlds other than his own private one that he wanted to conquer.

I can't really say that I blamed him. Little boys have such a wonderful imagination and from a broken stick and a piece of string can invent the most exciting communication system or add an old rag and it is a flag of peace. A few plain stones in the eyes of a little boy are shiny gold nuggets. I dread the day when these precious bits of gold become just plain, unadulterated stones again. The light will go out of his make believe world and stark reality will take its place. I dread the day when he will be afraid to play in his make believe world and yet I know that he must leave it all behind for grown up dreams that will one day make him a man.

Now that I think about it I believe I dread the starting of school more than the children. I too like little gold stones!

Last Saturday evening the John Frickes and the Phil Saurenmanns had an open house at the Frickes home on Barhite so that their friends and neighbors might have the pleasure of greeting Phyllis and Murphy Rostker. They were married back east this summer after Murphy graduated from college.

The invitations bade the entire families to come for the happy occasion.

Among those invited, in addition to the Skipper Rostker family, The William Caslers, the Floyd Stollers, Michelle Daugherty, Nancy Odgen, Gwen Barkeley, the Don Breshears, Fred Bosbyshell, Irwin Jones, Dr. and Mrs. M. H. Simmers, Dr. and Mrs. John Kariotis, Mrs. Rider, the B. J. Walkers, the Art Brearleys, Mrs. P. M. Jordan and Joyce, the Terry Dunning, the George Amthors, the Russell Vanimans, the W. E. Cunningham, the Walter Dorns.

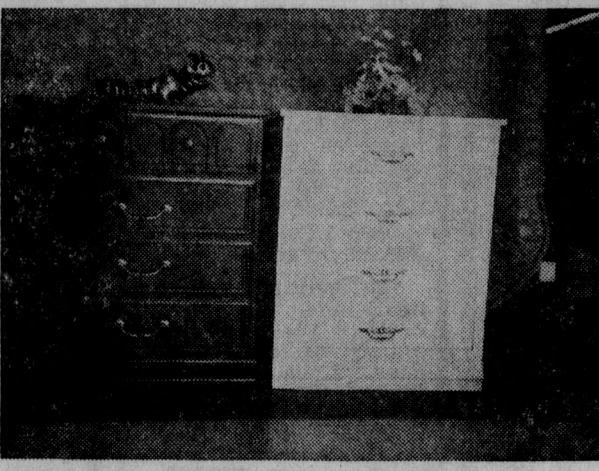

Also the Jim Smarts, the Leslie Garlinghouses, the Allan Waytes, the Barkley Rams, the Charles Goldsworthys, the Don Kendalls, the Joe Phillipsons, Leo and Eva Majlich and family, the Calvin Mathies, the Ernie Maurins, the George Wengers, the Werner Brachers, and the William LeBarons.

Also on the list of invited guests were the Robert Brydolls, the H. A. Switzers, Mrs. Alden Acker, and the Tony Ackers, the Irving Chens, the Robert Feys, and the Harold Bergrs; the John Griffins, the F. H. Webbs, Harry and Ann Scholtz, the Robert Andersons, Leslie and Bill Taylor, Mrs. Lynn Lockard and Craig, Mrs. David Philip, Dr. and Mrs. Sam I. Joseph, Dr. and Mrs. Clete Dorsey, the John Duncans, Paula Samayzan, the Ernest Chacons, and the Morris Andersons.

Word has come from Rita Smith, daughter of Mr. and Mrs. Ted Smith of Old House Road, that the charm of Ireland and the Irish is certainly not over-rated. She is on a three week tour of the country with her friend Rita Fornaca and Rita's 84 year young mother, Mrs. Baker. Mrs. Baker has a sister in Ireland in the countryside near Dublin. Inasmuch as she had never been on a plane and hadn't seen her sister in years she decided that she couldn't make the trip any younger. Hence the jaunt. The three of them are traveling all around and having a marvelous time. Frankly, they

### PERSONALS

PERSONALS are \$1.25, check or cash enclosed. The Staff does not compose personals, unless in answer to one directed to them. Personals which obviously indicate collusion will be withheld and money returned if party identifies unpublished article. Personals are messages between two parties who, for unknown reasons have no other method of contact.

### EDITOR BOB:

Re your Sept. 5 feature on narcotics raids in S.M. Who is selling these people house room? Property owners are recorded. It would not be libelous to print names of landlords, would it? There may be many S.M. citizens who would like to know, and some who would rather not have their rental property made a matter of public knowledge.

You could do a great service to Sierra Madre by printing names of local owners of properties renting to the invaders, while many fine young couples look in vain for low cost housing.

Can you measure things like rent revenues or property depreciation tax deductions against the lives of our children? Shine the light on them, Bob.

— With You

### New Sgt. Selected By Examination

phone Company in Pasadena. Sgt. Samony married his wife, Geraldine, in 1965 in Pittston, Penna., and they returned to Pasadena after a honeymoon in Pennsylvania.

In January, 1966, Sgt. Samony joined the Pasadena Police Reserve Academy at the Pasadena Police Department.

In May, 1966 Sgt. Samony joined the Department as a regular officer. Sgt. Samony was sent to the Pasadena Police Academy in September and attended the Academy for six weeks, graduating in September.

Since his employment, Sgt. Samony has attended the Northwestern University Traffic Records Institute conducted at the Orange County Sheriff's Academy in Anaheim and the Cal State at L.A. College Fire Arms Instructors Institute conducted at the Pasadena Police Department Range Facility in Pasadena. Sgt. Samony is a qualified Firearms Instructor and holds a certificate from the National Rifle Association.

Sgt. Samony initiated the present Bicycle Safety Program and conducts the Bike Rodeo held each year in the city schools as the Bicycle Safety Officer. His additional duties include Range Master and Traffic Records.

Sgt. Samony has worked many criminal and traffic investigations, provided assistance to injured persons, conducted lectures in narcotics and general information in the city schools, Wilson Jr. High, and to civic groups.

In July, 1967, a son, John Jr., was born to Officer Samony and his wife, Geraldine at St. Luke Hospital in Pasadena.

Again on Tuesday afternoon at the hour of 4:27 the firefighters were called into action to 275 E. Sierra Madre Blvd. to a grass fire on the property owned by Barney Yunk. Fifteen firefighters and one reserve answered the call.

Engine 424 made the run in one minute 26 seconds with 423 directly behind. Booster lines from both engines extinguished the blaze. Truck 422 and 421 also responded. Cause was thought by Chief Brown to be a lighted cigarette in the dry grass.

Fire 41 - 42 - 43

alarm was a "smoke scare" evidently from a barbecue in the rear with sighters seeing smoke hovering over the roof of the building. Engine 423 responded in 1 minute 58 seconds as did Truck 422 and 421. Men and equipment were dismissed at 7:30 to return equipment to the station. Earlier in the evening at approximately 5:25, Truck 422 was dispatched to West Sierra Madre where a dishwasher had been on fire.

Again on Tuesday afternoon at the hour of 4:27 the firefighters were called into action to 275 E. Sierra Madre Blvd. to a grass fire on the property owned by Barney Yunk. Fifteen firefighters and one reserve answered the call.

Engine 424 made the run in one minute 26 seconds with 423 directly behind. Booster lines from both engines extinguished the blaze. Truck 422 and 421 also responded. Cause was thought by Chief Brown to be a lighted cigarette in the dry grass.

## Villa Views by Toni

are having a hard time keeping up with Mrs. Baker.

Boy and Phyllis Hoffman with their children Tod and Suzanne had a fantastic vacation this year.

They started out for Lake Powell via Bree and Zion Canyons which alone would have been a spectacular trip with all of the beauty they saw and absorbed there in their hikes around the country-side. Their plan was to meet with several other couples and camp on the lake shore and explore the area.

The Hoffmans, along with two other couples rented a houseboat and the other three couples came up with ski boats so that three families stayed on the house boat and the others made camp. All their meals were well planned in advance and all were prepared or the houseboat with each of them taking turns on the preparation so that it left plenty of free time for their activities.

It is such beautiful country and there is a wealth of historical sites to explore if you are ambitious enough to hike. They hiked back into the country and explored ancient ruins of the Indian country and beautiful canyons that adjoin the lake.

In the group were Charles and Pat Woods with Linda and Sherri, from Tustin, Pete and Barbara Meyn with Doug and Wathy and Dennis Marshall, from Whittier, Steven and Norma Farmer with Dana, Jeff, and Brad, from Newport Beach, Gus and Marge Vance with Aileen, Joanie, and Brad, from Malibu, and Dave and Sally Heiser with their son

Craig.

After their week at Lake Powell the Hoffmans left the group and drove on up to Grand Canyon where they met Bill and Badbara Simons with their children Ricky and Kathy. There too they did a lot of exploring around before returning home by way of Flagstaff and Jerome, the old ghost town.

The family is still in kind of a daze of appreciation of the magnificence of our great country.

Crossing between intersections was the top killer of pedestrians in the United States during 1967.

## Out of the Cobwebs

Sixty-one Years Ago: Sept. 12, 1907 Pasadena has just passed an ordinance which the police will strictly enforce, requiring motorcycles to do away with the noise, and also to carry headlights at night.

Master William B. Wright, son of J. H. Wright, conceived the idea of starting in business on his own account. The boy purchased the grape crops from the Bridle, De Pencier and Lees properties, then made contracts with local and Monrovia merchants. His trial balance at the end of the first four days' business showed more than \$11 to the good.

A force of about 50 teams are now employed in grading work at Arcadia, presumably in preparing the new race track at that place.

The work of clearing the school year has been in progress the past week, preparatory to the commencing of school on Monday, September 23. Every parent should see that their children are started on the first day and stay to the close.

Mrs. F. B. Wheatley of Auburn Ave. will open a private kindergarten about September 16. People interested are invited to call on Mrs. Wheatley for particulars and terms.

Mr. Carl Pegler, who has been stopping at Ocean Beach, is in the city.

Six o'clock Sunday CHICKEN DINNER - Fifty cents - At Hotel Shirley.

Forty Years Ago:

September 14, 1928

Mr. and Mrs. R. A. Pratt left last night for Tucson, Arizona, to try a change of climate. Mrs. Pratt went over last week end leased a house which they will occupy.

Mr. and Mrs. J. W. Carney and children returned on Wednesday from the east where they have spent the past two months. They will leave at once for San Francisco whence they will sail for China where Mr. Carney is an executive in the Standard Oil Company organization.

Mr. and Mrs. E. A. Anderson, who have been conducting the Canyon Store for the past four years, are enjoying a few weeks of leisure following the sale of their store recently. They will tour various parts of the state but will maintain their residence here.

When Chief of Police E. H. Keegan goes on his annual two-weeks vacation Saturday he will relinquish the affairs of his office permanently. His resignation takes effect at the end of the present month. But the chief is not retiring from police work. Instead, he will henceforth be Deputy Sheriff Keegan. He took the civil service examination for a position in the sheriff's office several months ago, and was recently notified of his appointment.

Sierra Madre schools will open for the regular sessions next Monday morning, September 17. Miss Elizabeth Steinberger, principal, announces that full sessions will be held in all grades. Particular attention of par-

ents is called to the opening time for the various grades. The 4th, 5th and 6th grades begin at 8:30 a.m., the 1st, 2nd and 3rd grades at 8:50, and the kindergarten begins at 9 o'clock.

With one exception the teaching staff will be the same as last year. Miss Doris Bayard taking the place of Miss Ethel Karpf as kindergarten assistant. Miss Bayard graduated from Broadbaks training school last spring and has been taking special work at Pomona College during the summer.

The teaching staff will include the following: Miss Claire Newman, Miss Mabel Richter, Mrs. Zayda Leonard, Mrs. May S. Wood, Miss Helen Wones, Miss Ruth Taylor, Mrs. Eva D. Moore, Mrs. Lila Kendall, Mrs. Mary Wheeler, Mrs. Catherine Duncan. The kindergarten will be in charge of Miss Constance Thorpe with Miss Doris Bayard as assistant. Miss Mary Pfahler will have charge of music and Miss Florence Lusted art. Mrs. Ellen Barker is school nurse. Mrs. Patterson

Please turn to Page 11

## Needlework Guild Plans Oct. Meet

The I. M. Jameson estate will be the setting for the annual In-gathering presented by the Sierra Madre Chapter of The Needle Work Guild of America. On October the third Miss Ruth W. West, niece of the late Mr. and Mrs. Jameson, will be the hostess for the coffee from 11 a.m. until 1 p.m.

The beautiful home, built some 60 years ago by C. H. Baker, has long been a landmark in Sierra Madre. Miss West now lives there, enjoying the extensive gardens and surrounded by turn of the century furniture. The Jameson Foundation has, over the years, contributed generously to The Children's Hospital, the Cancer and Heart Foundation, the Crippled and Retarded Children's Society and to our own Sierra Madre Library.

The Sierra Madre Chapter of N.W.G., under the guiding hand of Mrs. Edgar Bell, will display some 100 garments which have been made over a period of seven months. These dresses will be distributed to needy youngsters from ages 1 to fourteen.

## Enrollment Time At PC College

Those interested in enrolling for part-time or evening programs at Pasadena City College for the fall semester, which begins September 17, are urged to register now to avoid closed classes and long lines in the Counseling Center, according to Dr. Irvin Lewis, administrative dean for student personnel.

A wide range of classes — to upgrade job skills, to learn a language, to develop a hobby, or to attain degree credits — is offered by the 16 departments at Pasadena City College.

The Counseling Center is open from 8 a.m. to 9:30 p.m. Monday through Thursday to assist in programing and registration. Appointments with counselors may be made by calling 795-6961, Extension 251.

Travel at government expenses may be authorized for veterans with service connected disabilities that require treatment at a VA hospital. Arrangements should be made in advance.

## Sierra Madrean On Dean's List U of C Davis

Eight hundred and sixty-three students in the College of Letters and Science at the University of California, Davis, attained the Dean's List during the spring quarter according to a list released recently by the college.

The number is somewhat reduced from those reaching the mark during the winter quarter because the criteria were raised. During the winter quarter, students needed a 3.0, "B," average for at least 12 units of work. The stiffening of the requirements called for an average of 3.3 for all work undertaken.

The group includes 46 students from out-of-state or other nations around the world. Fifty-one of California's 58 counties are represented.

From Sierra Madre is Patricia L. Puck.

### Fall Swim Lessons

noon to 12:30 p.m.  
Session II, Tuesdays and Thursdays, Oct. 8 to Nov. 14. Adults, 10 to 11 a.m. 10 lessons, \$7; Tiny Tots, 11 to 11:30 a.m. 14 lessons, \$5; Advanced Tiny Tots, 11:30 to noon, 10 lessons, \$5; and Mother & Me, noon to 12:30 p.m., 10 lessons, \$5.  
For further information call the pool at 355-7275 or the Recreation Department at 355-7137.  
The Sierra Madre City Pool will be open every Saturday and Sunday through September 29 for recreation swimming. Hours will be 1 p.m. until 6 p.m. Admission fee is 50 cents for adults, and 25 cents for juniors under 18. Family season tickets will be honored.  
A large number of clothes, towels, etc. have been found at the pool during the summer season. These articles will be kept for two more weeks, items not claimed will then be given to a charitable organization. Anyone who has lost any items at the pool during the summer, should check at the pool office during regular pool hours before September 20.

### Mayor's Committee Now At Work

The Mayor's Advisory Committee on the Beautification of the Sierra Madre Canyon Area will hold its third meeting on Monday, September 16, 8 p.m. at the Sierra Madre City Hall. The public is invited to attend.  
The first two meetings were held at the home of Councilman Robert Hartman who is the liaison from the Council to the committee. The committee selected Joe Theis as chairman and Mrs. Robert Astrin as secretary at the first meeting. Other committee members are Dr. Rodney Gale, Ralph Brown, Jerry Stetson, Mrs. Joe Godley and Bill Yocum.

It is expected that the committee will have a preliminary report ready to submit to the City Council by October 1.  
If further information is required please contact Joe Theis at 355-2820.

War orphans and children of totally disabled veterans receive VA college help to age 26.

### Civic Club 1st Fall Meet

Sierra Madre Civic Club's first fall meeting will be held September 12 at the home of Mrs. Keith Mankin. Mrs. Ashleigh Buchan, club president will preside and plans for the year will get underway.  
A fun part of the evening will be the showing of movie films taken of the members during their participation in our town's Fourth of July parade and at weekly swim parties this past summer.

September is the month for the club's annual membership drive and this year's co-chairmen are Mrs. Arville Wade and Mrs. Glenn Johnson. On September 26 a membership tea will be held at the Johnson home to welcome prospective new members and introduce them to the group.

The program planned will be a take off on the old TV program, "This Is Your Life," called, "This Is Your Club" with several of the past presidents participating and giving highlights of their time in office.

New members are formally initiated into Civic Club at their initiation dinner held in October.

### VFW Auxiliary To Hold Dinner

The Ladies Auxiliary of the VFW are planning to serve an old-fashioned fried chicken dinner, complete with hot home made biscuits and apple pie, on Saturday evening, Sept. 21 at the VFW Hall from 6:30 to 9 p.m.

The cooking will be done by the Auxiliary's expert, Bernice Welsh and her able committee, Betty Carpenter, Novena Kiggins, Dorothy Kennedy, Ellen Wilson and Barbara Heasley.

The auxiliary invites all members and their friends to a scrumptious dinner and a pleasant family evening. Reservations may be made by calling 355-3640 or 355-3670.

### YWCA Classes Open Fall Season On September 16

The health, physical education and recreation department of the Pasadena YWCA opens its fall session of classes September 16.

The office will be open from 9 a.m. to 6 p.m. beginning September 9. Early registration is important to get into the desired class period. The plunge will be open daily during registration week for recreational swimming.

Schedules are available at the YWCA office or telephone 793-5171.

The fall program offers swimming, keep fit, ballet dancing for children and adults, as well as Hawaiian and Tahitian dancing for adults, dog obedience and graphoanalysis, Tai' Chi-Chuan, creative stitchery and preparation for childbirth.

With the emphasis on physical fitness, yoga, or the popular aqua gym (exercise in the pool) to provide a variety of activities to meet the physical capacity of each individual.

A new five week class in "Facial Isometrics" will begin September 26 from 10:30 a.m.-noon. Asher Snider, foremost authority on facial youth and beauty, will teach women to restore the youthful contour of the face through the isometric way of tightening and firming facial muscles and skin.

Mrs. Hedy Lobko and Mrs. Mary Rhenney will continue as masseuses in the massage department.  
The YWCA is located at 78 N. Marengo Ave.

Bob "Butch" Osti, Jr., son of the senior Ostis of 241 W. Montecito has been at Newport Beach for the past three weeks. In fact, his folks have begun to wonder if he's ever going to come home. Guess he is having a fabulous time, surfing, sunning and all, as the guest of his aunt and uncle, Russell and Jean (nee Osti) Hand, who have lived in Newport Beach for some time now. How lucky can you get?

### La Salle High School Chosen For Ford Foundation Study

Brother Harold Frank, FSC, newly appointed Principal of La Salle High School in Pasadena, announced today that the institution has been chosen as a model school in a Ford Foundation study in conjunction with the National Catholic Educational Association and the Christian Brothers Order. The program is directed by Dr. Anthony Seidl of the University of San Francisco.

In announcing the participation by La Salle in the grant, Brother Harold noted that the entire program of the school, including academic enrichment, development of the physical plant, and the possible increases in faculty, comes under the scrutiny of the directors from the years 1968-73. The study will encompass these ten years so that the school may attempt to find means of financial support for the planned programs.

La Salle High School opened in 1956. Since that time 90 per cent of its graduates have continued their education in colleges and universities across the nation.

Graduate from La Salle comes after four years of study in mathematics, social studies, English, and ethics. Two years of laboratory sciences are required (physics, chemistry, or biology) and two years of foreign language must be completed (German, Latin, Spanish, or French). The students also are required to enroll in at least one of the 30 elective courses offered during their upper division terms.

Three years ago, Brother S. Martin, FSC, the second principal of La Salle, introduced modular and flexible scheduling. After annual revisions to meet the demands of the faculty and the study program prescribed, the inclusion of a rotation-modular schedule for the 1968-69 school years has been arranged under the direction

of Brother Harold. La Salle High School prides itself in being a Catholic high school for young men in the San Gabriel Valley. Its stated philosophy is the "education of the truly Christian man of character." In order to achieve this goal, the school utilizes the talents of laymen and the Christian Brothers, a teaching order of religious men which is completing its 100th year in Catholic education in California. Together the laymen and the Brothers stress the academic, social, athletic, and religious development of each of the students.

The reputation of the school has gradually developed to its outstanding standard. During the 1967-68 school term the school won six athletic championships (soccer, baseball, basketball, and cross country). Not only does the school participate in these sports, but the program includes tennis, golf, swimming, water polo, and track. This year the Lancers will field a rugby team or the first time. The Student Council maintains a fine intramural program during the year.

Bob and Yvonne Osti of 241 W. Montecito helped daughter and son-in-law, Susan and Richard Andrews, move from Sierra Madre to Reno, Nevada a few weeks ago. Richard, whose parents, Mr. and Mrs. William Andrews, reside in Reno, will be working and attending the University of Nevada studying drafting. While in Reno, Bob and Yvonne managed to see some of the sights in that beautiful, smog-free country including famous Virginia City.

## he's earned it.

Being a Gas Company serviceman is no easy job. You have to be able to help customers in a number of ways, from adjusting an appliance to advice on how to seal the most flavor into a steak.

Our servicemen are well trained for their job. They have to be. We're an investor-owned company. And investor ownership is like having two employers. You have to satisfy customers, the people who rely on our service, by being efficient. And you have to be efficient to satisfy your owners. For they're the people who invest in our business and make the service possible.

This means we work hard all the time to give the best possible service, at reasonable rates. Investor ownership is that "extra step"—why we have servicemen who are extra courteous and skillful, as well as being efficient. It's the reason we look for economies in every way possible and have been able to reduce gas rates six times in the last five years.

And, when we can serve you well and make a profit, that makes everyone happy. For that's how we stay in business.

## You and Your Neighbor

by NANCY BRYAN

On Saturday, August 24, Nancy Woodworth had members of family over to partake of birthday cake, ice cream and festive mood in honor of her husband, Howard's birthday. (His birthday was really August 26). Those helping celebrate the occasion: Howard's sister and brother-in-law, Robert and Karen Matter and their children, Denise and Loretta; Howard's parents, Mr. and Mrs. Howard R. Woodworth, Sr., of Pasadena, and Nancy's parents, Mr. and Mrs. Enos Brooks of Glendora. Of course, Jennifer, Bradley and Greg were all on hand to sing "Happy Birthday" to Daddy... and also to sample cake and ice cream. Happy birthday and many more, even if our greetings are a little late.

David McGee, recipient of Silver Beaver Award earlier this year, just returned from a ten day, back-pack trip into the Sierras with Explor-

## Immunizations In Alhambra Health Clinic

## John P. Tres Jr. Now Graduated

Marine Private John P. Tres Jr., 20, son of Mr. and Mrs. John P. Tres of 258 Adams, Sierra Madre, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot at San Diego.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksman ship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

ers, Post 4 of Pasadena. The 24 hikers, which included 5 adults, entered the Sierras at South Lake, out of Bishop and came out at Kearsarge Pass which is near Independence. Their 50 mile hike with full back-pack was over segments of the original John Muir trail. This is Mr. McGee's 11th year participating in this 50 mile pack trip and each year a different segment of the Muir Trail is covered. After the final segment has been covered by one of these trips and the complete Muir Trail has been covered, then the next year the pack trip starts out with the first segment again. This usually takes about 6 years until the first segment is hiked again. Mrs. McGee and year old baby daughter, Sharon spent the 10 days having a vacation, too. They were the guests of Mrs. McGee's aunt and uncle at their ranch in Bishop... Both were most pleasant changes of pace.

Dr. F. K. Gates, Alhambra District Health Officer, announced that evening immunization clinics will be held at the Alhambra Health Center, 612 W. Shorb St., on September 4 and 11 from 5 to 7 p.m.

Diphtheria, whooping cough, tetanus and polio immunizations will be offered to children and young adults from 2 months to 18 years of age. Measles immunization will be available to children who are at least 1 year of age. For school age children there is a \$1 charge for polio immunization and a \$2 charge for measles immunization.

Children must be accompanied to the clinic by a parent or legal guardian. Appointments are not necessary. California law requires that children be protected against both polio and measles before first entry into school. Dr. Gates reminds parents that now is the time to check health records and bring immunizations up to date.

## Cobwebs

will again be in charge of the lunch room and will be assisted by Mrs. Beall.

The lunch room will be open for business Monday noon. Parents are also advised that the milk supply will be available for the 10 o'clock recess.

Police officer Mrs. Philbrick of Long Beach was a guest of Mr. and Mrs. W. F. Straw at the Canyon Store on Tuesday. Mrs. Straw is also a police officer in the Long Beach department.

**Ten Years Ago:**  
 Sept. 11, 1958  
 Who'll keep home fires burning until reptile experts, Dick and Mary Reynolds and sons, return from an Oceanside camping trip? Two desert tortoises, five snakes, one black cat, two Mallard ducks, 15 lizards, three Iguanas and assorted toads and mice.

After three days of stalking deer in the Los Padres National Forest one mighty Sierra Madre hunter ended up bringing home four horned toads and one garter snake.

Rolling out the new carpet at Garland's the other night was pretty much a family affair. While R. E. Garland Sr. and Carl Engle perched on a roll of carpet and kibitzed from the sidewalk, Mmes. Garland (Senior and Junior), plus Russell and Larry, were busy juggling merchandise, etc. and keeping one jump ahead of the carpet layers.

The Mac A. Cason family, 462 Manzanita, have been entertaining his mother, Mrs. Lillian T. Cason, and aunt, Miss Mary Tutwiler, of Atlanta, Ga., for the past seven weeks.

Before entertaining for home last Friday night, the visitors spent a holiday at Oceanside. They will visit friends in Albuquerque, N.M.

Mr. and Mrs. James L. McCoy, 232 Ramona, enjoyed a visit with longtime friends, the Robert McKinnies of Indianapolis, who were in Southern California for the recent Bar Association Convention.

## Begonia Society Meets Sept. 13

The San Gabriel Valley Begonia Society will meet Friday, September 13, at 7:45 p.m. in the lecture room at the Los Angeles State and County Arboretum, Arcadia. The speaker will be Mr. R. W. Spencer of Palos Verdes. His subject will be "Begonias of Brazil." Slides will be shown.

Mr. Spencer lived in Sao Paula for three years and collected begonia seeds and orchids for the National Begonia Seed Fund.

This should be an interesting and also an educational program.

## CARROT TOP

useful objects still up there orbiting. Russia has 63, Charlie DeGaulle has five; Britain and Canada two each and the European Space Research Organization has only one... Nobody says so, but I'll bet we paid for all of 'em.

Now presumably these, and the others constantly being sent up, will in time be falling down. It isn't raining rain to me, it's raining satellites... Just kinda thought you would like to know what's traveling overhead.

Here is another juicy news item that will knock the props out of a few of all of us... Most of us who've been around a while have gotten used to being considered middle-aged. It's really not so bad; a time of maturity; of experiences to relish, of achievement, and stuff.

But look what the Census Bureau has done to us! It says, right here in bold black type, that now the true middle age in this country, the median age of all the population is... hold on to your hat... 27.7. Twenty-seven? Why splutter, splutter, that's childhood!

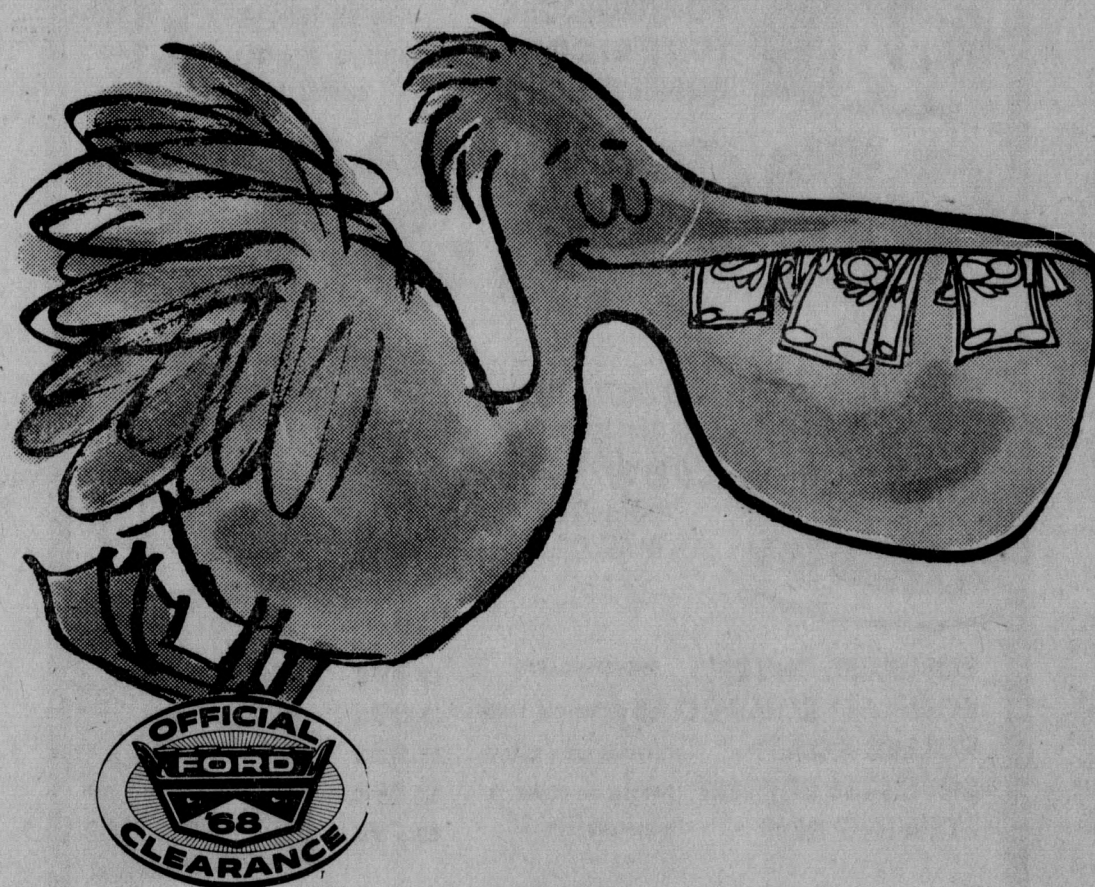

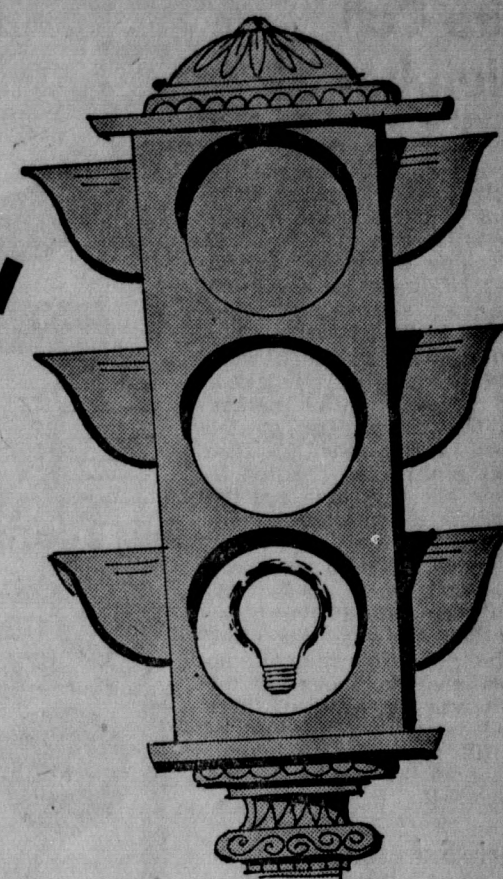

But if it makes us, the elderly, feel elderlier, think what it must do to those 28 and 29-year olds, who have already gone over the hill and are saying, they don't trust anyone over 30. Now they'll be hearing their juniors express mistrust for anyone over 27 point 7!... My, oh my, what a world this is coming to!

It seems to me that the Democrats really splattered the wallpaper in their living room during their National Convention... We sure will be hearing more about this as the days get closer and closer to November 5th... To me, it sure may be a "hairy mess."

In closing the column for this week I will have to tell you about one of my friends the other day who asked me why I didn't retire... Well, to tell you the truth, I cannot retire, I'd put too many people out of work, and I'm having too much fun! Now isn't that about just as good an answer anyone could come up with, outside of the old one that "I can't afford to retire?"... We hear a lot about trade relations these days, and who wouldn't like to, I hope, I hope, I hope.

## Fire Call Number 39

Twelve regular firefighters and one reserve answered Fire Call number 39 early Sunday morning at the hour of 10:54, to the rear of Roess Market.

Engine 424 made the run in 1 minute 33 seconds from time of alarm until they reached the location, but found that the quick work and thinking of a neighbor at the rear of the market, in the use of her garden hose, extinguished a fire that could have resulted in some six trash bins and the rear of the market becoming involved.

Truck 422 also answered the call while engine 423 and crew stood by at the station. Assistant Fire Chief John Goodall, estimated no loss and the cause of the fire was unknown. Officers and men were released at 11:10, securing the equipment at the station for the next call.

## Art Schafer

ly on the local as well as international levels. He has served as Aleph S'gan (vice-president) in his chapter, Arcadia A.Z.A. No. 489, as Aleph Gdol (president) of Southwestern Region, and as the international membership chairman before being elected to the highest office in A.Z.A. Art has been an active member in several campus organizations at Pasadena High School and will be a senior in the fall.

## Republican Club

Rose Jenkins, Mrs. Gardner Frye, Mrs. F. D. Howell, Miss Madge Dixon, Mrs. William Becker, Mrs. Enoch Bourgois, and Mrs. E. L. Rose.

All persons interested in assisting with the huge volume of mailing, canvassing and just plain "politicking" to be done, are urged to drop by.

Plans for a rally are in process and will be announced shortly. Already scheduled, is a Republican Women's Bridge Luncheon for 10 a.m., September 30, at the Women's Club House. The new headquarters telephone number is 355-2362 — or see the weekly ad on Page 5.

## P & R To Hold Special Meet

There will be a special meeting of the Parks and Recreation Commission on Thursday, September 19, at the hour of 8 p.m. in the Park House at Memorial Park, Sierra Madre Boulevard and Hermosa Avenue, for the purpose of discussing recreational programs and facilities.

## In Vietnam

Private First Class John M. Bush, 19, whose parents live at 515 E. Laurel Ave., was assigned August 16 as a communications specialist in the 4th Infantry Division in Vietnam.

## Banking Women Meet Sept. 14

The Women's Committee Pasadena District Chapter, American Institute of Banking will host a Mexican Fiesta as their fall educational kick-off on Saturday, September 14, 6 p.m. at the American Legion Hall, 338 S. Ramona St., in Monterey Park. The June Nichols dancers and the Aguilar Sisters, all of Alhambra, will provide the entertainment by dancing, singing and playing the guitar.

Mrs. Harlowe Dumont, chairman, will introduce the classes, forum and seminars to be conducted. Representatives and their guests attending will be Betty Mayfield, Foothill - Rosemead Branch, Dorothy Price, Sierra Madre Branch, Norma Ford, local resident, and Kathy Inouye both of Lake Green Branch and all from Bank of America along with Jacqueline Jallo of Security Pacific National Bank, Foothill - Rosemead Branch.

**Sermon Title Given By Rev. Anderson**

The Rev. Richard J. Anderson, pastor of Sierra Madre Congregational Church, 170 W. Sierra Madre Blvd., will have for his sermon Sunday at 11 a.m. "Greater Happiness." The text is from Acts 20:35: "Remember the words of the Lord Jesus, how he said, 'It is more blessed to give than to receive'."

In commenting on his sermon Rev. Anderson says: "From the book of Proverbs in the Old Testament we find a very wise saying: 'There is that scattereth and yet increaseth, and there is that withholdeth more than is meet but it tendeth to poverty.' In this proverb wise King Solomon puts forth a great truth about life. Can you see it?"

"Here's another situation. Picture four boys and a plate of cake. As you watch, one boy reaches out quickly and grasps the one conspicuously large piece for himself. The other three boys observe his action with strange expressions on their faces. Can you see a parallel in this situation?"

"In proverbs and in real life situations we all see many examples where an attitude of selfish grasping tends toward poverty rather than abundance."

Rev. Anderson concludes with: "So often in our efforts to achieve greater happiness we ironically reap the harvest of greater emptiness. Jesus had a real formula for blessedness or happiness. He said it is more blessed to give than to receive. Very simply this means, one achieves greater happiness in giving than

**Rev. Armin Hesse Continues Summer Series**

Continuing his summer series, "Singing Through the Summer," the Rev. Armin Hesse, pastor of Faith Lutheran Church, 845 Hastings Ranch Drive, Pasadena, will address the congregation on Psalm 150, "The Bell-Makers' Psalm." The Rev. Mr. Hesse points out that "In bygone years, when bell-making was regarded as a distinguished art, this Psalm was often chanted by the smiths while the molten metal was poured into the mold. Could it be that many of our daily tasks are replete with the feeling of boredom because they are not undergirded with the feeling and expression of praise to the Lord?"

The Sunday morning worship hour will be held at 10 a.m. for the last time this year. Beginning with Sunday, September 22, the congregation reverts back to the Fall and Winter schedule with Sunday School and Bible classes being held at 9:15 with the worship service at 10:30.

Other activities for the week include, a youth swimming party at 6:30 on Sunday evening, Women's Christian Service Guild at 7:45 on Monday evening, Lutheran Women's Missionary League Sewing Group on Wednesday morning at 10, the Church Council on Wednesday evening at 7:30, and the Senior Choir at 8 on Thursday evening.

in receiving. Have you discovered this greater happiness?"

**Lesson-Sermon Sunday, Sept. 15**

Congregations in Christian Science churches throughout the world will hear a Lesson-Sermon this Sunday titled "Substance." Its Golden Text is from John: "Labour not for the meat which perisheth, but for that meat which endureth unto everlasting life, which the Son of man shall give unto you."

Among related passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by the denomination's founder, Mary Baker Eddy, is the following: "Christianity causes men to turn naturally from matter to Spirit, as the flower turns from darkness to light. Man then appropriates those things which 'eye hath not seen nor ear heard.' Paul and John had a clear apprehension, that as mortal man achieves no worldly honors except by sacrifice, so he must gain heavenly riches by forsaking all worldliness. Then he will have nothing in common with the world's affections, motives, and aims."

**Meeting**

Mrs. Amy Beisel, 54 S. Lima St., will be hostess to the Sierra Madre American Legion Auxiliary for the September business meeting at 8 p.m. on September 12. A special effort is being made to encourage all resident members to attend; also those interested in becoming members.

**Your Friendly and Sincere Hardware — Sierra Madre Hardware, 25 W. S.M. Blvd.**

**SPORTS AS Hank Ives SEES IT**

**FLASHBACK A YEAR . . .**

THIS TIME LAST YEAR RICK BARRY announced he would sit out a year and play the 1968 season with the Oakland Oaks. Barry had just led the NBA in scoring while playing for Bill Sharman's San Francisco Warriors . . . Wimbledon winners, JOHN NEWCOMBE of Australia and BILLY JEAN KING of Long Beach, copped the U.S. Lawn tennis title at Forest Hills . . . JOHN SURTEES drove a Honda to victory by half a car length over JACK BRABHAM in Grand Prix of Italy.

FRANK ROBINSON hit his 400th career homer and JIM BUNNING climbed to eighth on career strikeout list with eight whiffs of Atlanta . . . Joe HOE HORLEN fire a no-hitter for the White Sox 6 to zip over Detroit . . . GAYLORD PERRY hurled 42 2/3 shutout innings . . . ST. LOUIS was 10 games on top in the N.L. with just 18 to play . . .

JACK NICKLAUS won World Series of Golf at Akron, Ohio, by one stroke over Masters titlist GAY BREWER . . . Oakland clinched NPSL championship . . . MARIO ANDRETTI won the Hoosier Hundred big-car race at Indianapolis . . . LEN DAWSON hit on 15 straight passes (an AFL record) and 17 of 19 as Kansas City opened defense of title with 25-20 squeaker over Houston.

OLD HANKUS has been advised to throw away the crystal ball and find some other line of work. Not a bad suggestion for a fellow who picked Cincinnati and California to win their respective baseball pennants.

HOWEVER, DEAR FRIENDS do not despair. The Ancient one has never been known to take anyone's advice so he fearlessly sets about tabbing the exact order of finish in the professional football ranks.

COASTAL DIVISION THE LOS ANGELES RAMS, despite the mediocre preseason, have all the ingredients for a division title IF Lester Josephson can come back to help Dick Bass in the running department. Put Johnny Unitas and the BALTIMORES second, followed by SAN FRANCISCO and NEW ORLEANS.

CENTRAL . . . when the real shooting wars are here you can usually count on GREEN BAY to be on top at the finish. Hankus will stick with the winner although CHICAGO'S BEARS are feeling their oats despite problems at quarterback . . . Bill Munsen will make a threat out of DETROIT and MINNESOTA would be a co-favorite in any other division.

CENTURY . . . ST. LOUIS with Charley Johnson in the pilot house should be able to dump CLEVELAND. ATLANTA looks good for third ahead of a weak PITTSBURGH squad.

CAPITOL . . . DALLAS not will win their division but should triumph over St. Louis in the first round of the playoffs. In fact Hankus figures this is the year for Duke Meredith and his cowpokes to win it all. WASHINGTON will come to life for a second place finish ahead of NEW YORK and PHILADELPHIA.

IN THE AFL Hankus likes HOUSTON to cop the Eastern Division trailed by NEW YORK, BOSTON, MIAMI and BUFFALO. Pete Beathard is the key to the oilers hopes and the ex-Trojan is capable of shouldering the rugged load.

The Western Division is a three-way dogfight as usual. Hankus has a hunch on SAN DIEGO to win it with OAKLAND and KANSAS CITY tied for second followed by DENVER and CINCINNATI. John Hadl is due for a big year and again the competent running game is a must.

DALLAS will win the NFL title and HOUSTON the AFL. The Cowpokes will go on to capture the Super Bowl victory, but it will be tight, in Miami on January 12.

LITTLE THIS-N-THAT . . . Ben Steelhead Jr., son of the Muir High School grid coach, will be playing for Tom Hamilton's PHS team this year. Young Ben is counted on at a starting tackle slot. Hamilton finally threw away his crutches after a summer-long convalescence from a knee operation.

THE LOS ANGELES STARS of the ABA carefully avoided any schedule conflicts with the neighboring Inglewood Lakers. Bill Sharman will unveil his new Stars on October 30 in their Sports Arena opener against Babe McCarthy's New Orleans' Bucs.

**Y-W Wives New Year September 17**

The Marengo YW-Wives are beginning the new club year with an Open House on Tuesday, September 17, from 9:30 a.m. to noon. The club, which meets on Tuesdays at the Pasadena YW-CA, has a variety of activities, including exercises, swimming, knitting, crafts, discussions, speakers and volunteer work.

Members are young housewives from the Pasadena area who find relaxation, learning and friendship with the YW-Wives. Child care is available for those mothers with preschool children.

Interested women are invited to attend the Open House on September 17 to become better acquainted with the program. For further information, call Barbara Madden, Pasadena YMCA, 793-5171.

Veterans who train under the new G.I. Bill will have eight years from date of discharge to complete their schooling. May 31, 1974 is the earliest cut-off date.

## Letters To the Editor

Dear Editor:

One of the fastest ways to convince Americans that their taxes should be increased is to lead them to believe that the monies thus raised will be used to fight Communism. Because Americans are basically opposed to dictatorships, especially Communist dictatorships, the United States has been able to raise billions of dollars for spending abroad.

### First Western Employees Study Campaign Issues

One hundred percent registration, 100% contribution and 100% vote is the goal set by First Western Bank management men for the statewide bank's 1,800 employees. They are participating in a Good Citizenship program just inaugurated by Chairman of the Board and President Stafford Grady.

Meetings throughout the 85-branch bank system have been called for the week of Labor Day, with major emphasis at that time on beating the September 12 registration deadline, by insuring that all eligible staff members register before that day. Major emphasis also will be placed on getting to know the candidates and the issues. To this end, discussion groups will be initiated at the branch level, and invitations issued to local candidates up for election, to visit the bank (before or after banking hours), in order to present their views. Studies of national party platforms and candidates' background also will be initiated.

Aids to the study plan will include the booklet, "We The People," published by the California Chamber of Commerce.

Supporting the political party or candidate of choice through individual monetary contribution also is being emphasized by the bank's Good Citizenship program, Mr. Grady added.

generally under the name of foreign aid.

It took Americans a long time to realize that they were being bamboozled—that their tax dollars were not fighting Communism and that, somehow, Communism kept spreading. This year, though, Americans seemed to be fed up with foreign aid, much of which was used to help supply the Eastern European countries who in turn supplied the Viet Cong, killing American boys. So, the American people demanded spending cuts, and foreign aid was cut by the largest amount since 1948.

Unfortunately, though, this did not mean that foreign aid would be diminished, since there is already enough money in the foreign aid pipelines to keep the level of aid at its present state, without allocating another cent for six years.

It seems that the Dubcek government in Czechoslovakia is bankrupt. Former secretary of Defense McNamara, now president of the World Bank, plans to help by extending credits and lobbying for increased trade with the West.

How will Americans most readily accept additional U.S. help to Communist countries? When they are convinced that there is a split. Then they will want to help widen that split. Soon we will find ourselves helping the "better" Communists (the Czechs) to gain their independence from the "good" Communists (the Russians), who are opposed to the "bad" Communists (the Chinese). It's a lot of malarky; it's a fraud.

I'm not for helping any Communists, just as I'm not for helping the Costa Nostra, if they should get involved in a feud with the Mafia.

Yours truly,  
—Richard E. Woodin.

## Fire Side

names in a recent "Fire Side" column, and I accept the prerogative of answering the question there put forth:

In comparing our "response time," there are two factors to be considered: (1) Having full-time firemen on duty, our time to leave the station is ALWAYS UNDER ONE MINUTE; even the second-out engine averages one and one-half minutes—see you, we have four men who live and/or work within one block of the station, then (2) because we have three areas of the city that are six to eight miles from the station, I'll have to bow to your "running time" record because it does take nine to 14 minutes to get there. At present we cover a little over seven square miles in the city.

As to the "horses"—yes, we have 615 of them, but they eat gasoline instead of hay (the powerful newest engine is a 330 H.P. motor, while the older one is only 285 H.P.). Our "bucket-brigade" is refined to modern back-pumps carried for the grass fires.

At present, there are four paid men, with 23 Volunteers to back us up, plus four on the Reserve List. With our tentative growth in the next two years, we expect to at least double the paid personnel, plus opening a couple of stations to cut down on the "long runs." Keep up your good response record; I'll see if I can send down an accurate stopwatch — you may be losing time and not know it!

Thanks for your interest, Bert & Velma Embree Shucks, Bert, we passed that record of the truck out of the station in one minute months and months ago. Only last week Evans and Maurer were clocked at Baldwin and Grandview as the Plecton announced the address. From first beep on the Plecton to the fire 1 minute 23 seconds. Then again Evans and Burleson took the call on the fire fone, were at Mountain and S.M. Blvd. in 45 seconds. . . Now Bert, you will have to admit . . . It's a record.

## Civic Center Site Now Selected

the interests and needs of the entire community:

1. The location is optimum from the standpoint of public safety in providing a central location for police and fire services.

2. The site is also centrally located and easily accessible from all areas of the city both from a vehicular and pedestrian traffic standpoint.

3. The site maximizes the showcase effect in providing a Civic Center that is not only convenient but highly visible, being located on Sierra Madre's most important thoroughfare.

4. The site has the advantage of being adjacent to a city park which complements both the park and the Civic Center by creating an atmosphere of spaciousness and quality.

5. The site is also deemed most favorable to the upgrading of the downtown business district in that the present city hall location is under the control of the city and will become available for high quality commercial development.

6. This site will most advantageously permit the City Hall to act as a stimulus for the entire community which ultimately will be of greatest benefit to the business district as well.

7. The recommended site will also lend itself to proper architectural design and has been recommended as the choicest location by the

## Freedom

munist wave of the future that would obliterate the American republic.

The last eight years have been disastrous years for the United States, with the nation committed to a "no-win" war and strife engulfing cities at home. The American people have very little time in which to become fully awake to the dangers that they face and show their ire against those who play cynical politics as communist troops shoot American boys in the rice paddies and jungles of Vietnam.

## Area Alpha Phis

All members of the Alpha Phi Alumnae in the Pasadena area are invited to attend the first fall meeting of the group at the home of Mrs. Hilton A. Green, 2055 Lombardy Road, San Marino on September 17 at 7:45. Membership chairman Mrs. Richard Whipple 447-8982, encourages all new alumnae and those Alpha Phi's new to this area to make plans to attend.

The meeting will be a time for old and new members to get acquainted. The projects being planned for the coming year will be presented as well as suggestions for new activities. Final plans for this year's Founders' Day Luncheon to be held at the Huntington Sheraton Hotel, October 5, will be completed by Mrs. Willis Stark.

## Open New Season

A representative of the Covina Alpha Phi Alumnae will show the group some of the lovely objects to be seen at the Doll Fair Booth for the Children's Hospital Benefit. Alpha Phi is very active in the support of this hospital.

Mrs. J. A. Plamondon, bridge chairman, is planning to sign-up all members interested in participating in the annual bridge tournament. Refreshments will be served following the meeting.

Cooperative studies in which new drugs were administered under controlled conditions in Veterans Administration hospitals resulted in a therapy program that has allowed VA to do away with specialized tuberculosis hospitals.

## BYRON HOPPER . . . . . Presents

TISSOT

the watch Europeans rave over

### FIND OUT WHY!

One of the great discoveries being made by Americans traveling abroad, is the enormous popularity of Tissot watches and the prominence given them by Europe's finest jewelry stores. Many affluent Continentals choose Tissot over higher-priced watches and here's why: they're aware of Tissot's hundred-year history of excellence; they know about the electronic and manual seven-day tests every Tissot is given before purchase. And they love Tissot's true continental styling. Isn't it time that you, too, discovered Tissot? Come in and see them, for men and for women, for as little as \$39.95!

Her watch: Graceful marquise with two diamonds, faceted crystal, matching tapered bracelet . . . \$59.95  
His watch: Self-winding Seastar with waterproof satin-finish stainless steel case, silver-gray or white dial . . . \$59.95

## Nose Dive for Happiness

Your dollar will probably buy a little less next year than the planner planned. It is reported that even with the 10 percent tax surcharge and \$6 billion reduction in spending demanded by Congress, the federal deficit for fiscal year 1968 will be around \$25 billion—\$5 billion more than expected. Delay in passing the tax increase and higher Viet Nam war costs are blamed.

The red ink outlook would be a good deal less grim if our public officials could do a bit better in figuring out what we don't need. Many unbelievable projects pop to the surface of the federal budget and another one is reported by the Clarkton, North Carolina, Times. It seems that the U. S. Public Health Service, as part of a \$249,000 research program, "... has been sending psychologists and social scientists down to Puerto Rico to ask its citizens what causes them joy or sorrow." It is not surprising that they discovered people were happier if they were healthy, had money, were educated and were young!

The Times suggests that if a research project were done in the U. S. it would be found that the taxpayer's "... happiness quotient takes a nose dive every time he hears about some of the peculiar ways his money is being spent these days."

## \$210 Doorknob

Only 20 years ago, an employer in New England challenged the constitutionality of withholding taxes on the grounds that an employee's full wages belonged to him until the taxes were due, at which time he could pay them himself. This point of view was never brought before the Supreme Court for a ruling, and nobody has challenged withholding since. And so, all businesses have become tax collectors for the government, whether they like it or not.

The horror stories of senseless waste in federal spending are legendary and include everything from \$152 billion in foreign aid down to \$210 doorknobs for the Pentagon. An article appearing in an Esco Corporation publication makes the suggestion that, "If we have neither the courage nor the money to contest a tax system of questionable legality, the least we can do is to take some action regarding the ways in which our money is spent." It is pointed out that if we haven't written the people who control federal spending — our Congressmen, our Senators and the President of the United States — lately, perhaps it's time we got at it, or an alternative might be to register our protest in the polling booth this November.

## Cherry Pie -- FDA Style

Contestants in pie-baking contests at county and state fairs will be gratified to learn that a federal agency has gotten around to defining a cherry pie and how it must be made.

According to the Food and Drug Administration, "Cherry pie is the food prepared by incorporating in a filling contained in a pastry shell, mature, whole, pitted, stemmed, red, sour (tart) cherries (fresh, frozen or canned) that have not been treated with a chemical preservative..." The FDA says that a cherry pie shall contain, "not less than 2.7 cherries per ounce of net weight." Here is how to comply with the rules for making an "official" cherry pie: "Remove the filling and cherries from the pie and distribute evenly over its surface of a 12-inch-diameter U.S. No. 8 sieve... stacked on a U.S. No. 20 sieve. Wash the cherries and cherry fragments free from adhering material with a gentle water spray. Drain the cherry contents of the No. 8 sieve for 2 minutes in an inclined position (5 to 30 degree slope). Do not discard contents of No. 20 sieve. Transfer the whole cherries to a tared pan and determine the weight of all whole cherries..."

There is much more, but this is sufficient to get the point across. When a government agency begins to prescribe how many cherries shall be in a cherry pie, the predictions of the computerized society in which every citizen lives under 24-hour surveillance of "Big Brother government" appears appressingly close.

## A Colorful Season

Autumn means different things to different people, but, for all of us, autumn comes this year on September 22. To some, it ushers in the excitement of football, others look forward to the hunting season, still others journey to the mountains to view the red, gold and yellow autumn colors that no artist can quite catch in all their glory. There are still other people, especially on ranches and farms, to whom autumn means the conclusion of harvesting and planting. In the cities, autumn brings a freshness and a new life — the opening of another theatre season. Each of the seasons has its attractions, and autumn has its full share. So whether you are a nature lover, theatre goer, football fan or just a plain stay-at-home who enjoys the smell of the cool fall air, there is something in autumn for you.

## School Bells Again

For tens of millions of the nation's youngsters, the official closing of summer will be signaled by the ringing of the first school bell. In days past, when a majority of our people lived in rural areas and scattered small towns, that bell often rang in the typical one-room schoolhouse calling youngsters from the dusty lanes, the fields, the swimming holes where they worked and played, learned and grew during the days of summer. Answering its call, they came to resume, often with considerable reluctance, the regimentation of school hours, and the traditional pursuit of at least a passing proficiency in the 3 R's. For most people, an education was something you got through when "you were a kid" so that you could get on about the business of making your way in the world.

The school bells of today carry a far different message and challenge to the nation's present generation of young people. The store of man's knowledge is increasing so rapidly that no one can estimate what it may hold 10 or 20 years from now. In such a world, the schoolroom has become not a place of dull drudgery, but a vital and broadening bridge of understanding and knowledge spanning the present range of man's accomplishments and offering the young people of today the capacity to build a future beyond our present imagination.

Our young people have a new enthusiasm for education, and this is our greatest national asset. But, they must learn of our heritage and the roots of our freedom, as well as the wonders of our technical accomplishments and capacity. As they return to school this fall, they deserve all the encouragement and opportunity which we can give them.

## FREEDOM AT ANY PRICE

by  
DR. HENRY V. WITTY

Reports in the press that President Johnson would order a cease fire in Vietnam during the Democratic nominating convention or at least before the election in order that he may insure the nomination and election of Hubert Humphrey should be profoundly disturbing to all Americans, irrespective of party affiliation.

For anyone to play politics with the lives of American fighting men in Vietnam would be an outrage that should send a shock wave of indignation through the American people. Yet political ambition and party zeal sometimes take terrible forms. In this case, a cease fire in Vietnam could expose the half million Americans in Vietnam to terrible new dangers. In addition, such an order would make a sham of all that the United States has been trying to do in the Asian struggle.

More than 26,000 Americans have lost their lives in the Vietnam war. In one sense, they already have been betrayed by the Johnson administration, which has refused to push for a victory over the communists and which has cut back on the bombing of North Vietnam while the Reds step up their urban terrorism — including rocket attacks — against Saigon and other South Vietnamese cities.

It is tragic that the American people have had to bear the burdens of a "no win" war policy, as decreed by the White House. Not only has it resulted in a waste of American lives and untold billions of dollars, but the "no win" policy has encouraged defeatists to urge even more humiliating conditions for ending the struggle. Thus Senator Eugene McCarthy (D-Minn.), a know-nothing who ignores all the lessons of past dealings with the communists, favors a coalition government of South Vietnam that would hand that country to the Reds and make the United States the laughing stock of the world. One wonders what parents of servicemen killed in Vietnam think when they read of Senator McCarthy's proposal for a "coalition" regime. They may properly ask: Why did my son give his life in Vietnam?

The families of U.S. servicemen in Vietnam — and

the families of those who died fighting there — should now realize that their sons and brothers and fathers were stabbed in the back by weak, fearful men in the White House and the higher councils of the Johnson administration. The sacrifices of the war dead are scorned by hard core leftists and their hippie followers who are ready to turn America over to the communists and sue for peace.

Mr. Johnson's appeal for negotiations last spring, when he ordered the bombing halt, is without precedent in history. Never has a great country, with the capacity for ending a war on its own terms, sued for peace and begged a petty tyranny to set forth conditions for peace. The President's action was evidence for a massive failure of nerve. With that act he categorized himself as a weak President without the stamina to follow in the tradition of Washington and Teddy Roosevelt.

If a cease fire were to be ordered now, however, it would be more than another failure of nerve. It would be a gross, blatant and wholly cynical maneuver aimed at attracting the "peace at any price" vote in the November election. It would signify that Mr. Johnson placed the interests of his party ahead of the interests of the American people.

The way ahead in the remaining years of the 20th century will be very hard. Each year the Soviets are adding to their military power, as is the expansion of the Soviet Navy into a worldwide force and the deployment of weapons in space. On the political front, the anarchists are doing the bidding of the communists, stirring recolonization in American cities and trying to beguile college and university students in the U.S. into the ways of disloyalty.

Therefore, the United States needs a President in the next four years who truly understands the nature of communism and the ruthlessness and determination of the enemy. It needs a President who will deal firmly with the anarchist elements who scream "peace" but who secretly — and sometimes not so secretly — wish for a com-

## TRANSIT TOPICS

News and information about your public-owned transportation system, published in this newspaper as a community service from the Southern California Rapid Transit District.

by

ARTIE DEE

Transportation Editor

My wife, Martha, and I have just returned from our annual pilgrimage into "Marlboro Country," sometimes known as a vacation. We did things just a little different this year; we rode the proud bird with the golden tail. One of our ports of call was Vancouver, B.C., and a fine city, indeed. I couldn't help but observe the buses and how people rode them. Each bus has a sign by the door saying, "Have exact change ready." Now I know RTD has signs, too, but the difference is, they mean it in Vancouver. It sure speeds up the schedule.

I am getting real excited about the prospect of Rapid Transit in Los Angeles County. I visited the Rapid Transit Design Car and believe-me, that's the way to go. Seventy-five miles an hour, smooth, comfortable ride in air-conditioned cars. I've been around this city for more years than I care to remember and all anyone has ever done about Rapid Transit is talk. Now things are different. You and I can go to the polls on November 5th and speak our piece. I am told it will cost you and me about 11-14 dollars a year for this system; that's less than 4c per day. It's worth 4c a day just to look at, in my opinion.

Football is in the air, and Los Angeles has the finest offered anywhere. Whether you like the professional, hard driving Rams or the razzle-dazzle college variety, you'll find it all in the Coliseum. The Coliseum is easily reached from all parts of the city by RTD. Unless you've been caught in one of those giant football traffic jams, you can't really appreciate the bus. Send for a map and get ready for a season of thrilling football.

Q. I've read several times in your column about using the bus to go to work and I've decided to try it. I live in Temple City and work at Occidental Insurance. I need to be at work at 8:30 a.m. What bus do I take and what will it cost? P.K.

A. Baldwin that will get you to 7th and Main at 7:51. Baldwin that will get you to 7th and Mai nat 7:51. This will give you time to ride the 5 bus to 12th Street, where your office is located.

Q. Where do I get a Pomona Fair bus in Covina? I live on 2nd Street and I see a bus go by. Mrs. T. A.

A. The bus you see is the 53 line to Pomona. Take that bus and ride to the Pomona station, where a shuttle bus will take you out to the Fair Grounds. I'll send you the proper timetables.

Q. How come the Pasadena City Lines buses on Rosemead Boulevard in Temple City have RTD signs on them? L.P.

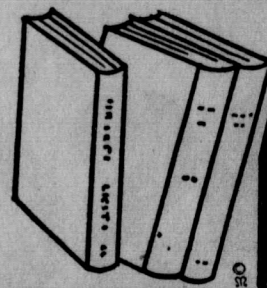

A. Because RTD operates the Pasadena service now.

Q. How can I get to Cal State, Los Angeles by bus from Baldwin Park? R.T.

A. Take the 53 line to El Monte station and change to the 60 line to the College. I'll send you the timetables and a map.

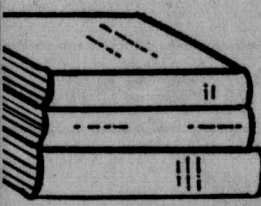

Send your questions to Artie Dee, Transportation Editor, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. NO STAMPS OR STAMPED ENVELOPES ARE NECESSARY.
